FALLS BOARD WILL APPEAL ASSESSMENT

Will File Objection to \$14,000,000 Levy on Fairless Works of U. S. Steel

CLAIM IT IS UNFAIR

FALLSINGTON, Sept. 2 — Falls Township School Board at a special meeting voted unanimously to appeal the \$14,000,000 assessment of the Fairless Works of the U. S. Steel Co.

The vote of the school board places the official stamp of approval on the move to appeal, which up to this time had only been rumored. School board members expressed disapproval of the assessment because it was based on that portion of the steel works which was completed in August 1952, and not in January 1953.

The school board termed the assessment "grossly unfair" and said that their move to appeal the assessment was the only thing they could do in fairness to township property-owners and taxpayers.

If the assessment were figured from the Jan. 1, 1953 date rather than the August date of this year the assessment would be \$45,000,000 rather than the present \$14,000,000, at the present rate of assessment of 30 percent of valuation.

The school board has retained T. Sidney Cadwalader as counsel. There are already 800 new pupils in the township who will enter the Pennsbury school district Sept. 4. This is apart from the number which is expected to enroll from Levittown.

And by January 1954 approximately 2,000 of the Levittown homes will be occupied in Falls township area, according to James Doheny, who said that he obtained these

SCHOOLS IN BRISTOL TOWNSHIP DELAY OPENING ONE WEEK DUE TO LACK OF BUSES TO TRANSPORT THE CHILDREN

Registration of Pupils Will Be Held As Previously Announced; The District is Short of Both Buses and Bus Drivers.

Due to a delay in getting four new school buses the opening of the public schools in Bristol Township will be delayed one week, from Sept. 8 to Sept. 15.

Walter D. Miller, supervising principal of the township, said officials wanted all pupils to start school at the same time. Last year the township had eight buses to transport the 2400 pupils. This year, due to the increase of 900 pupils making a total enrollment of 3300 pupils, the system will need 12 buses.

Miller also said the new short-term building program of \$3,500,000 will not be finished until the fall of 1953 and will require a staggered system of attendance for morning and afternoon.

The facilities that will be provided under the new program will accommodate 2100 pupils. Miller feels, however, that next year this will not be enough for the continuing increase of population in the entire area.

"We have neither buses nor bus drivers in sufficient number. We expect to have them by Sept. 15th," states Mr. Miller.

Mr. Miller announces that registration will be held at the same time as planned: Elementary pupils Thursday from nine a. m. to three p. m., except at Levittown administration building which will be from nine a. m. to five p. m. Delhas registration will be Friday from nine a. m. to three p. m.

It was not stated as to why buses are not being hired for the week.

FALLS BOARD WILL APPEAL ASSESSMENT

Will File Objection to \$14,000,000 Levy on Fairless Works of U. S. Steel

CLAIM IT IS UNFAIR

FALLSINGTON, Sept. 2 — Falls Township School Board at a special meeting voted unanimously to appeal the \$14,000,000 assessment of the Fairless Works of the U. S. Steel Co.

The vote of the school board places the official stamp of approval on the move to appeal, which up to this time had only been rumored. School board members expressed disapproval of the assessment because it was based on that portion of the steel works which was completed in August 1952, and not in January 1953.

The school board termed the assessment "grossly unfair" and said that their move to appeal the assessment was the only thing they could do in fairness to township property-owners and taxpayers.

If the assessment were figured from the Jan. 1, 1953 date rather than the August date of this year the assessment would be \$45,000,000 rather than the present \$14,000,000, at the present rate of assessment of 30 percent of valuation. The school board has retained T. Sidney Cadwalader as counsel. There are already 800 new pupils in the township who will enter the Pennsbury school district Sept. 4. This is apart from the number which is expected to enroll from Levittown.

And by January 1954 approximately 2,000 of the Levittown homes will be occupied in Falls township area, according to James Doheny, who said that he obtained these figures from the U. S. Steel Co. Continued on Page Six

SCHOOLS IN BRISTOL TOWNSHIP DELAY OPENING ONE WEEK DUE TO LACK OF BUSES TO TRANSPORT THE CHILDREN

Registration of Pupils Will Be Held As Previously Announced; The District Is Short of Both Buses and Bus Drivers.

Due to a delay in getting four new school buses the opening of the public schools in Bristol Township will be delayed one week, from Sept. 8 to Sept. 15.

Walter D. Miller, supervising principal of the township, said officials wanted all pupils to start school at the same time. Last year the township had eight buses to transport the 2400 pupils. This year, due to the increase of 900 pupils making a total enrollment of 3300 pupils, the system will need 12 buses.

Miller also said the new short-term building program of \$3,500,000 will not be finished until the fall of 1953 and will require a staggered system of attendance for morning and afternoon.

The facilities that will be provided under the new program will accommodate 2100 pupils. Miller feels, however, that next year this will not be enough for the continuing increase of population in the entire area.

"We have neither buses nor bus drivers in sufficient number. We expect to have them by Sept. 15th," states Mr. Miller.

Mr. Miller announces that registration will be held at the same time as planned: Elementary pupils Thursday from nine a. m. to three p. m., except at Levittown administration building which will be from nine a. m. to five p. m. Delhaas registration will be Friday from nine a. m. to three p. m.

It was not stated as to why buses are not being hired for the week.

LATEST NEWS BULLETINS

Chicago—The latest traffic fatality figures list some 538 persons who lost their lives. This total is below last year's when 658 persons died during the holiday period. Rainy weather and severe storms in many parts of the country was believed to be the reason for a lower traffic fatality toll. Many persons decided to stay at home rather than risk bad driving conditions. Pennsylvania led all in the number of traffic deaths with 40.

London—Pravda, the official Communist party newspaper, warned again today of the necessity of discipline within the party and of the dangers of giving away "party secrets." The editorial, broadcast by radio Moscow was the latest in a series of such warnings which began with the call for a meeting of the all-union party congress next month.

Seoul—The Eighth Army, revealing the latest incident at a war prisoner camp in South Korea, announced today that one Communist civilian internee was killed accidentally yesterday. The announcement said the internee died on Pongnam Island when he was struck in the head by a rock hurled into the air during blasting for construction purposes.

Washington—The House of Representatives today passed a bill to provide for the construction of a new highway bridge over the Potomac River, connecting the District of Columbia with Maryland.

THE POLIO CYCLE

In the South and Middle West where the incidence of poliomyelitis was relatively high during the July heat wave, the terrible disease appears to be on the decline. But in the Middle Atlantic states it is rising.

The U. S. Public Health Service says the "peak" will arrive in two weeks. Adding to the difficulties of pinning down the causes of polio is its hit and miss performance. But the overall national picture indicates that 1952 may equal 1949 in severity, a three-year cycle.

It is little comfort to anxious parents that a serum, which may counteract or perhaps mitigate the wasting after-effect of the disease, has been discovered. The serum was used under controlled conditions in Texas earlier this summer. It will be mid-winter before its effectiveness can be determined.

But the battle against polio is continuing in laboratories across the nation. Encouraging breaches have been made in the wall of secrecy which has baffled doctors and scientists since the dawn of retarded medical history.

Meanwhile parents can follow the health precautions suggested by physicians. Alertness is a necessity, but there is no cause for defeatism.

Industrial and commercial activity usually are given a spurt with the end of the vacation season, and this year promises to follow custom in this respect. There are no crippling strikes at the moment to interfere with production nationally.

CORNWELLS — Captain B. V.
Murray started in with the big
seine on the Tomlinson fishing
shore on Tuesday last. The first
haul was made with great difficulty.
About three hundred shad, one
old canal boat, and a fine lot of
fire wood were caught.

mitted to the grounds. Mr. and Mrs.
Gould spent several hours picking
out what they desired in the way
of trees and shrubbery and then
signified their desire to place an
order.

"Can't do it today," said the fore-
man in charge. "We have never
sold a plant on Sunday since the
opening of the establishment. It
would be strictly against the rules
of the company to do so."

Mr. Gould took the rebuff good
naturally and departed, promising
that a mail order on a week-day
should follow their return to New
York.

Miss Margaret E. Rathke and James L. Wentz Are Wed Here

Escorted by her father to the altar of Bristol Methodist Church at the hour of four on Saturday, Miss Margaret E. Rathke, daughter of Mr. and Mrs. Charles G. Rathke, became the wife of Mr. James L. Wentz, Bristol, son of Mr. and Mrs. Winfield Wentz, of Linden, N. J.

The officiating clergyman was the Rev. Ralph Proulx, Jr., pastor of the church; with organist Mrs. Samuel Smith, Edgely, providing accompaniment for Mrs. Charles H. Doan, West Bristol, sister of the bride, as she sang "Through the Years" and the "Lord's Prayer".

The bridal costume consisted of a ballerina style dress of white lace over champagne taffeta, it having illusion neckline, and the bodice being trimmed with rhinestones and pearls. From her plaited white lace tulle there fell to her shoulders a tulle veil. Mitts and champagne slippers completed her costume, and she carried two white orchids with cascade of ivy.

The matron of honor, Mrs. Floyd E. Mummert, of Harrisburg, was attired in aqua lace over aqua taffeta, ballerina length. The dress had sweetheart neckline and short sleeves. Slippers were aqua tone as were her net tulle and lace mitts. The attendant carried a cascade bouquet of yellow pom-pom chrysanthemums and ivy. The flower girl was Sue Ann Doan, West Bristol, niece of the bride. Her short dress was of pink organza, and her tulle of matching color net. Ivy cascaded from the basket she carried, this being filled with vari-colored pom-poms.

Mr. William Loveland, of Linden, was best man for Mr. Wentz. Twenty-five attended the reception at the Rathke home.

Mrs. Wentz, mother of the bridegroom, wore a navy blue dress and pink accessories; while Mrs. Rathke was attired in a navy blue ensemble. Corsage for each was a lavender orchid.

Following their return from a motor tour of New England states, Mr. and Mrs. Wentz will be at home after Sept. 15th on River-view avenue, Edgely.

Mrs. Wentz is a graduate of Bristol high school, and Abington Hospital school of Nursing. She is employed in a Trenton, N. J., dental office. Her husband, a graduate of Linden high school, is employed by a sub-contracting firm at Levittown.

"Trust in God alone"
Only in God is my soul at rest; from him comes my salvation. He only is my rock and my salvation, my stronghold; I shall not be disturbed at all. How long will you set upon a man and altogether beat him down as though he were a sagging fence, a battered wall? Truly from my place on high they plan to dislodge me; they delight in lies; They bless with their mouths, but inwardly they curse.

Only in God be, at rest, my soul, for from him comes my hope. He only is my rock and my salvation, my stronghold; I shall not be disturbed. With God is my safety and my glory, he is the rock of my strength; my refuge is in God. Trust in him at all times, O my people! Pour out your hearts before Him; God is our refuge.

Only a breath are mortal men; as illusion are men of rank; In a balance they prove lighter, all together, than a breath. Trust not in extortion; in plunder take no earthly pride; though wealth abound, set not your heart upon it. One thing God said; these two things which I heard: that power belongs to God, and yours, O Lord, is kindness; and that you render to everyone according to his deeds. (Psalm 61)

She performed the role of snow queen in the grand finale, "Winter Has Come". Her solo work consisted of toe ballet and was done in a costume of white satin and white nylon net, an exact copy of a costume of the great Russian dancer, Pavlova. Her outfit was completed by a tiny crown. Miss Brand was assisted in her routine by 20 small girls, dressed to resemble snowflakes. On Aug. 30th, Betty danced at a picnic at Summerdale Day Camp, Croydon; her solo numbers were a Gypsy ballet and the can-can.

A daughter was born last week to Mr. and Mrs. Walter Blackburn in Abington Hospital.

LEVITTOWN, Sept. 2 — A young woman who came to this area from Long Island has very quickly found a career spot for herself. She's become a teacher in one of the local grade schools.

The girl is young Pat Dacey who lives at 19 Shade Tree Lane with her husband John. They came here from Richmond Hill, L. I., with a stop in between for a brief time at Fairless Hills.

Mrs. Dacey, who is a graduate of the State Teachers College at Potsdam, N. Y., will teach fifth and sixth

grades for the Tullytown school district. The school will be located in a garage along Route 13.

Dacey has an interest in photography; his wife enjoys painting and playing the piano.

LEVITTOWN, Sept. 2 — Levittown grade-school children will enter school in September to find the best and latest instructional materials ready for their use. The

Bristol township school board has spared no expense in providing the newest books and supplies for use in all of its schools, including the proposed John Fitch building.

So many of us have thought of the study of science as dull, but with a new series available for the elementary grades, it becomes fascinating. The series, known as "Adventures in Science", take a different boy and girl, such as Jack and Jill, each year and takes the pupil through interesting adventures in science with this young couple.

Even such a prosaic item as the

dictionary has been glamorized. Local children will have use of a beginning dictionary, written on their level of understanding.

The basic language program aids pupils to talk, spell and write to the best of their individual abilities.

One book that shows our increasing interest in the world outside our continental limits is titled "Understanding Latin Americans." That title alone is indication that we, as good American citizens, are making serious attempts to understand the rest of the world. Another, entitled, "New Friends and Neighbors," is also written with that viewpoint.

Because youngsters enjoy animals so much, many of the books are written about animals. One is about "Tip," a dog; the story of his adventures helps pupils to get meaning from their reading.

Even the teachers receive aids to help them understand the pupils they have in their care. They learn about the health and personal development of their charges, enabling them to give better attention to each pupil in their care.

Good books and materials plus fine teachers make excellent schools. With the new schools that will be built in this area, including the John Fitch building, local parents can feel their children's futures are in secure hands.

PLAYOFF SERIES IN LOCAL LEAGUE OPENS TONIGHT

The first of a three-game series to determine the playoff championship of the Bristol Softball League will take place this evening on Memorial field as Kaisers Metal meets Fifth Ward Sporting Club.

Kaisers Metal entered the finals by winning over Franklin in the quarter-finals and then taking two straight games from Auto Boys in the semi-final playoff. Fifth Ward Sporting Club, regular season champions, drew a bye in the playoffs.

Stanley "Butch" Koreya will toe the slab for the Warders with Stan Partyska behind the plate. This battery has been mainstay of the Fifth Ward team all season with Koreya only being beaten once. He won sixteen games.

Outstanding in the hitting department for the Warders is "Vic" Cauti, who plays the outfield. Cauti finished the season in the vicinity of the .500 mark. The other outfielders will be Henry Liberatore and Gus Centonze.

John "Brown" Cordisco will be on first with Joe Pica covering second. Ed Fahey is expected to do the chores at shortstop with Ray Pierandozzi at the hot sack.

"Chick" Stansky or Charlie Unland will do the chucking for Kaisers Metal with Frankie Barbetta doing the receiving. Stansky pitched a scoreless tie in a mound battle with Koreya earlier in the season and at the time held Fifth Ward hitless.

Sammy Sottile, Bill Stockton, Ed Mackiewicz, and Jimmy Sottile will make up the infield, with Frank Rich, Lou Sassi and Charlie Simmons being in the outergarden.

The rival managers, Ernie Pinelli of Kaisers Metal, and Sieddie Caro, Fifth Ward, have agreed to play the game tomorrow evening in the event of rain.

In England, waffles are called "crossword pancakes."

MOTORCYCLIST DIES OF INJURIES; HURT IN SPEEDWAY RACES

PENNDLE, Sept. 2 — A motorcyclist in the races at the Langhorne Speedway Saturday was fatally hurt.

The victim, Carroll D. Reese, of Norfolk, Va., died at Mercer Hospital, Trenton, while physicians were attempting to save his life. He was taken to the hospital unconscious.

On the fourth turn of the first lap of the fifth qualifying heat, Reese veered into a low wooden rail and then crashed head-on into a concrete abutment. It was the fourth race in which he had competed.

The crash threw him into the air about 15 feet and he landed on the track about 20 feet from his cycle. Another driver suffered a fractured ankle in another accident, when he collapsed while getting off his cycle after placing 10th in the first semi-final event for novices.

The driver, Harold Boyajian, of Providence, R. I., was treated at trackside, then taken to Mercer Hospital.

Reese was the youngest of five sons of a widowed Norfolk saleswoman, Mrs. Eva Reese. He had recently registered as a senior at the Dumaury High School. He worked as a mechanic at a Norfolk motorcycle store part time during school and full time in the summer.

He had been active in racing in the Norfolk sector for the last year. Rick Fisher, Glens Falls, N. Y., Sunday won the 100-mile National motorcycle racing championship in one hour, seven minutes, 32.82 seconds before about 15,000. Fisher finished a full mile ahead of second place man, Gene Smith, Fort Worth, Tex.

Smith was followed across the finish line at various laps by Dick Beatty, Charlotte, N. C.; Don Hawley, Inglewood, Calif.; Alan Davis, Howell, Mich.; Gene Thiessen, Eugene, Ore.; Chet Dykgraaf, Grand Rapids, Mich.; George Sabine, Washington, D. C.; Leon Applegate, Burlington, N. J.; and Sid Swan, Framington, Mass.

figures from officials of Levittown, with whom he recently talked. Doheny stated that these homes when occupied will bring into the school district an average of one-half child for each home. And the board still faces a terrific problem said Doheny, even if the amount of students from this new development does not come up to expectations.

He also advised that families are moving into the Fairless Hills area and that it would be necessary to keep these people in mind as their movement into the area was daily increasing the student population.
